## Acknowledgements to the Reviewers of 2019 (vol 2)

In 2019, thirteen papers (among 21 manuscripts with final decision), were published in the Journal of the Geological Survey of Brazil (JGSB). Rejection percentage was 14%, and 23% were archived (authors have not returned the revisions in due time), which gives an acceptance rate of 63%. The Editorial Board acknowledges the authors who submitted their research, and the cooperation of the reviewers for the time they dedicated, since peer review is essential for the publication process, in order to ensure the desired high quality standards for the published papers.
